

Hello Neighbor,

8/2008

In February 2008 The Beagle Club Newsletter was sent out requesting the \$60.00 voluntary dues. Currently, 165 residents out of about 500 have participated. The success of The BCCA's responsibilities in maintaining the entrances and other common areas are directly proportional to its members. We noticed you have chosen *not to participate* in the Beagle Club Civic Association by not paying the \$60.00 annual dues.

The current level of membership is insufficient to maintain it's current responsibilities. We need your help. Please take a moment to check off the appropriate box.

We'd really like to know why you have elected not to participate?

If your not familiar with the BCCA you might want to check out our website : [www.thebeagleclubvoorhees.com](http://www.thebeagleclubvoorhees.com).

You were unaware that the BCCA existed

I sent payment. (Mr. President please check your records)

Attached is my payment ( Please send with the form below)

It's not important to you that the main entrances and common areas are maintained and landscaped

You do not like seeing new flowers planted each season

You're not interested in contributing to help finance new modern entrance signs in the near future

You feel that your \$60.00 payment won't matter. Your neighbor has paid so that's sufficient

You think \$60.00 is too much

You can't afford to pay \$60.00

---

2008 Annual Dues- \$60.00
